

# :SOIL IMPROVEMENT WORKSHOP:

LEARN HOW TO HARNESS THE SOIL YOU HAVE TO GROW THE  
FOOD YOU LOVE!

LIGHTNING  
RIDGE 18<sup>th</sup> Sept '16

Learn how to create  
biologically active  
soil in a garden or  
farm production.

## BIOLOGICAL FARMING

### ONE DAY INTRODUCTION TO SOILS

Learn how to grow affordable organic food with less effort by mastering your soil. In this workshop we will take the mystery out of composting, soil microbiology and plant nutrition to understand the need for living soil to produce low-cost vital foods for human health with a positive environmental impact. This is a 1-day dynamic learning experience where you will learn how to maintain and restore soil vitality, how to make organic fertilisers and grow more food for less cost and less effort. **This 1 day workshop is day 4 of a 5 Day Permaculture Practical Design (15 – 19<sup>th</sup> September 2016) ), please enquire when you book.**

**Date:** Sunday 18<sup>th</sup> September 2016

**Time:** 9am to 5pm

**Location:** The Hungry Spirit Centre For Semi-Arid  
Regeneration in Lightning Ridge NSW.

**Course Investment:** \$195 per person inc morning and  
afternoon tea. BYO lunch.

Your instructor for the day is Permaculture designer & teacher  
Nick Huggins. [www.nickhuggins.com.au](http://www.nickhuggins.com.au)
